Product Descriptions

Baguette

Light, airy, fresh, and crisp. Classic French table bread made in the traditional style - hand rolled and scored. A golden crust and an interior with an irregular hole pattern. Perfect as a table bread or as the backbone of a deli sandwich.

Brioche

Loaded with eggs and butter, yet light as air. Golden, flaky, layered crust with a delicate interior and a rich buttery flavor. The secret to amazing French Toast or grilled burger buns.

Ciabatta

Versatile bread that's good for sandwiches, bruschetta, toast, or dipping. A rounded, rectangular flatbread resembling a slipper, or *ciabatta* in Italian. Made with highly hydrated dough and minimal shaping, lending to large air holes and a thin, blistered crust dusted with flour.

Classic Sandwich and Dinner Rolls

A buttery base for a sandwich or dinner roll. Moist, rich, lightly sweetened white buns with a fine crumb and a soft crust. Contains healthy portions of eggs, butter, and dry milk. Difficult to eat just one!

Country White

Simple white bread made with just flour, water, salt, and yeast. Even texture throughout that holds up well to slicing, toasting, and grilling.

Deli Rye

Made with local organic whole rye flour and packed with flavor, this bread will add authenticity to any classic deli sandwich.

Focaccia

Soft, spongy interior with a thin, olive oil-brushed crust. A great all-around bread that is perfect for grilling, paninis, or soaking up sauces.

Hearty Sandwich Rolls

Lightly sweetened and denser than our Classic dough, Hearty sandwich rolls are an affordable option that can stand up to a greasy burger or sloppy joe.

Muffins

Made with Snowville Creamery whole milk, butter, eggs, and real vanilla extract, the flavor profile of these premium muffins is completed with fresh lemon or orange zest, local organic bran, and Valrhona cocoa powder. Need we say more?

Multigrain

Local organic whole rye with oats, rolled rye, flax, and sunflower seeds. A moist, healthy, sandwich bread. High in fiber, and lightly sweetened with Ohio honey.

Pain de Mie

Made with butter and dry milk, this delicate white bread has a thin crust and is evenly textured. Traditionally baked in a pan to minimize the crust and maximize the crumb. Ideal soft sandwich bread - think PBJs!

Porridge

Naturally leavened and made with local, organic rolled rye or spelt porridge. High hydration with a creamy crumb and open cell structure. Mildly sour with a hearty, durable crust.

Pumpnickel

Made with local organic whole rye flour and caraway seeds. Hints of molasses and cocoa powder give this slightly dense bread bold and complex flavor.

Scones

A traditional butter scone. Snowville Creamery whipping cream, butter, eggs, and Ohio honey. A memorable delight that will keep your customers coming back.

Sourdough

A standalone bread that adds an extra layer of flavor to any sandwich or meal. Featuring a thin, durable, crackled crust and a semi-regular crumb with a pleasantly tangy flavor and aroma. All sourdoughs are leavened with naturally occurring wild yeast cultures and baked to a golden brown.

Whole Wheat

Contains 50% organic whole wheat flour from Stutzman's farm in Millersburg, OH. Moist and tender with consistent, dense crumb and a pronounced wheat flavor.
